Situations that may fall outside of our "Plan of Care" or listed services may include, but are not limited to: any kind of motorized transportation provided by a member of our staff, hours worked outside of approved or stated schedule, or services paid by way or written or verbal contract with a single or isolated group of staff members.

Any person that accepts service beyond the "Plan of Care" or listed services does so knowing that the individual who is providing that service is not acting as an employee or associate of the company when that extended service is provided. Please contact us immediately if any of these situations occur, as it may prevent us from servicing you in the future.
